Ref No. 534-1-General of '24.

Station Madras. , *Dated the* 19th March 1924. 191 .

From (Name) Major-General T. H. Symons, O.B.E., I.M.S.,

(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,

Local Self Government (Public Health) Department.

Sir,

I have the honour to address Government on the question of additional ward attendants and toties required for the Government Women and Children Hospital, Mangalore.

2. The lady apothecary in charge of the Government Women and Children Hospital reports that the work of the hospital has considerably improved and increased so much of late that the present menial staff of 1 ward attendant and 1 toty experience great difficulty in coping with the work of the hospital. The hospital has 15 beds for in-patients and the daily average number of in

and

and out patients treated in the hospital for the last 6 years and for the year 1923 upto October 1923 is reported as follows:-

	In-patients.	Out-patients.	Daily average in-patients.	Daily average out-patients.	Labour cases
Yearly average for the last 6 years	721	14,336	27.26	85.83	108
Actual for 1923 upto October.	842	13,776	33.27	82.1	156

It is further reported that for want of adequate menial staff to attend to the patients, many patients seeking admission for treatment as in-patients had to be refused admission. The lady apothecary therefore requests that 2 more ward attendants and one toty may be sanctioned.

3. The District Medical Officer states that though the work of the Hospital has considerably increased, the staff remains the same since the opening of the hospital and considers the additional staff asked for very necessary to cope with the increased work of the hospital; he recommends that sanction may be accorded for the urgent entertainment of the additional staff in anticipation of the sanction of Government.

4. The Government Queen Alexandra Hospital for Women and Children Salem which has 21 beds i.e., 3 more than Mangalore has 4 female ward attendants and 2 toties in its staff. In view of the large amount of work turned out at the Government Women and Children Hospital, Mangalore, I consider that at least an additional female ward attendant on Rs.12-18 and an additional female toty on Rs.10/- per mensem are very necessary for the efficient working of the Institution and accordingly recommend that the Government be pleased to sanction this staff temporarily. may be sanctd for 1 year from 1.4.24

The extra expenditure involved, on account of this proposal, can be

be met from the provision in the Revised estimate under 32-b-Medical-Hospitals and dispensaries - Muffassal Hospitals and dispensaries - Pay of Establishment.

I have the honour to be,

Sir,

Your most obedient servant,

T. H. S. McCay

Major-General, I.M.S.,

Surgeon-General with the Government of Madras.
